

Product Description

A750 is a natural coloured Crepe Filament Tape

Product Features

- Natural crepe outer surface layer
- High tensile mono-directional fibreglass filaments
- Available in widths from 6mm to 1,400mm in 25m lengths (longer lengths possible based on MOQs)
- A synthetic rubber hot melt adhesive with good quick-stick

Benefits

- ✓ A high tensile tape for packaging, burst resistant
- ✓ An aesthetic paper backing
- ✓ Can be written on with pen, Texta Pen, crayon, and rubber stamp
- ✓ Provides excellent performance for medium duty general purpose applications where a paper backing is desirable
- ✓ Good adhesion to self

Key Markets

- Medium duty bundling (plastic pipe, aluminium extrusions, carpet and vinyl flooring coverings)
- Packaging, reinforcing and strapping of items
- Creating artificial grout lines when laying textured concrete drives and paths
- Mining industry — dynamite tape (bundling sticks, fuses, caps, etc.)
- As a "Grading Tape" in the meat packing industry
- Meat packing industry for grading of meat

Applications

DISCLAIMER:

Values: All values presented have been determined by standard test methods and are average values only.

Recommendations: Whilst we are happy to recommend products from our range for applications, it is imperative that the customer/user complete their own tests to determine suitability for their application under "working conditions" and if longevity is important, that ageing tests be carried out.

Warranty: We can only warranty our products to the level that they are consistent with our Product Information Sheet values

BUT CANNOT accept any responsibility or liability direct or consequential for loss or damage caused as a result of our recommendations.
