

Product Description

CT983 a bright green coloured PET coated with a low tack silicon adhesive system

Product Features

- A tough, non-tear green 2 Mil PET backing
- A low tack, high temperature silicone pressure sensitive adhesive
- Available in width from 4mm to 1,100mm in 66 metre rolls
- Available as U983 for die-cutting on a special fluoro coated 50uM Clear PET Release Liner

Benefits

- ✓ Heavy duty PET backing making it easy to apply
- ✓ Easily visible on masked surfaces
- ✓ Superior low tack, high cohesive strength silicone adhesive
- ✓ Resistant to acid, oil, solvent & staining
- ✓ U983 suitable for die-cutting to any shape to cover over holes on surfaces to be powder coated

Key Markets

- Protection of surfaces on powder coating lines requiring protection for applications up to 210°C
- Holding and tabbing for high temperature applications
- As a splicing tape and for holding of leading edge on siliconized papers and release liners

Applications

DISCLAIMER:

Values: All values presented have been determined by standard test methods and are average values only.

Recommendations: Whilst we are happy to recommend products from our range for applications, it is imperative that the customer/user complete their own tests to determine suitability for their application under "working conditions" and if longevity is important, that ageing tests be carried out.

Warranty: We can only warranty our products to the level that they are consistent with our Product Information Sheet values

BUT CANNOT accept any responsibility or liability direct or consequential for loss or damage caused as a result of our recommendations.
