

Product Description

M915 is a self-adhesive extruded magnetic profile tape

Product Features

- 1.5mm thick extruded isotropic magnetic profile
- Laminated with a non-woven acrylic pressure sensitive tape on a PE polycoated 110 micron paper liner
- Plasticiser & UV resistant
- A & B sides for magnetic adhesion

Benefits

- ✓ High performance solvent acrylic, with excellent tack and initial adhesion
- ✓ Good ageing properties and good all-round weatherability
- ✓ High & low temperature resistance

Key Markets

- Signage & displays
- Closure system for shower screens, insect screens, door seals, etc within building industry
- Profile can be used as a single piece for holding objects to ferrous metals or as pairs, magnet-to-magnet

Applications

DISCLAIMER:

Values: All values presented have been determined by standard test methods and are average values only.

Recommendations: Whilst we are happy to recommend products from our range for applications, it is imperative that the customer/user complete their own tests to determine suitability for their application under "working conditions" and if longevity is important, that ageing tests be carried out.

Warranty: We can only warranty our products to the level that they are consistent with our Product Information Sheet values

BUT CANNOT accept any responsibility or liability direct or consequential for loss or damage caused as a result of our recommendations.
