## The Professional's Choice When Performance Counts

SM25 is a medium-grade Washi masking tape ultra-thin, flat and dense, with an emulsion acrylic adhesive engineered for precision edge work in demanding conditions.

## PRODUCT FEATURES

- ✓ Ultra-thin backing for sharp, crisp paint edges
- ✓ Sits flat — zero edge bleed on smooth surfaces
- ✓ High tensile strength — strips without breaking
- ✓ Paint stays on tape — no flake-off on removal
- ✓ Thermal stability to 120°C — low bake oven safe
- ✓ UV stable — up to 60 days outdoors

## Why LimeLine?

Suitable for use indoors and outdoors

No bleed with solvent-heavy paints, less clean-up time

High visibility green, write instructions and mark defects

Strong enough for caulking and sealant masking

Safe on delicate surfaces and finishes

Clean removal, no residue for up to 60 days

## KEY MARKETS

- Trade painters & quality finishers
- Marine, boat builders & DIY
- Auto finishing & low bake ovens
- Caulking & sealing applicators
- Two-pack & spray painters
- All outdoor & exterior applications
